

## T.E.N. Holds Annual Dinner At Smith House

### New Managing, Junior Boards Announced; December Issue Ready

The new managing board and Junior board of Volume XV, The Tech Engineering News were announced at the annual T.E.N., banquet held last Wednesday, November 10, in the Governor's Room of the Smith House. Curtis B. Beck, 6-45, was elected Editor-in-chief, and Robert M. Gould, 6-45, was made Managing Editor, both to hold positions on the managing board with General Manager Carol W. Boyce, 10-44. The New Junior board consists of: Richard D. Marsten, 6-45, Publications Editor; Herbert A. Kaewer, 2-46, Treasurer; Robert C. Clement, 6-45, Circulation Manager; Russell K. Dostal, 2-46, Advertising Manager; John S. Howkins, Jr., 6-45, Personnel Manager; Reynold A. Grammar, 6-45, Associate Editor; Arthur Linz, Jr., 2-45, Associate Editor; Gunther S. Fonken, 2-46, Literature Associate; and Stanford A. Fingerhood, 2-46, Business Associate.

The guest speaker at the banquet was Professor Albert A. Shaeffer of the Business and Engineering Administration department at the Institute. Guests at the banquet included the Advisory Council of the Technology Undergraduate Publications, Professor Frederick G. Fassett, Jr., chairman, Mr. James R. Killian, Jr., and Mr. Kenneth R. Sutherland. Also present were the managing boards of the undergraduate publications, The Tech, Voo Doo, and Technique, and Arnold MacIntosh, Jr., 2-44, president of the Gridiron Society.

#### Student Written Issue

The December Issue of the Tech Engineering News of which pre-release copies were distributed at the banquet, will be on sale on Monday and Tuesday, November 15 and 16, at the Building 10 sales desk.

This is the first issue in the publication history which was written entirely by students.

The cover is printed in red and blue on glossy white paper, displays the picture of a red cross blood donor button in connection with a feature story, "Fighting Blood" by Curt Beck. This story

(Continued on Page 3)

## T.C.A. Elections Set For Nov. 23

### Executive Committee To Be Elected Then

The annual elections for positions on the executive committee of the T.C.A. will be held on Tuesday, November 23, it was decided at the meeting of the T.C.A. Cabinet at 5:00 P.M. in the T.C.A. office. The officers to be elected are: President, Vice-President, Secretary, Treasurer, and Director of Boys' Work.

The new officers will be elected by the members of the cabinet. After the elections, the new executive committee thus formed will appoint some members of the cabinet to positions as directors of the various T.C.A. departments. Then some members of the present freshman cabinet will be appointed by the executive committee to positions as managers of the many T.C.A. divisions and will thus become members of the new senior cabinet. It is expected that this entire process will be completed and the appointments announced before Christmas.

## College War Fund Goal Is \$151,000

Rallying to the slogan, "Give Because You Care," almost 30,000 volunteer workers, led by General Chairman Joseph T. Walker, Jr., are soliciting Greater Boston on behalf of the Greater Boston United War Fund, which is a partnership of the Greater Boston Community Fund and the National War Fund. The goal of \$7,500,000 must be reached by November 24, when the campaign closes.

The intensive campaigning in 54 cities and towns began Monday evening following the War Fund Rally at the Mechanics Building. The Industrial and Financial Division, which includes the colleges, began earlier. Serving as Chairman of the Institutions Division, President Bancroft Beatley of Simmons College has a quota of \$151,000 to meet. He also said that the drive is run so efficiently 95 cents of

(Continued on Page 3)

## Ken Reeves Is Well-Tech Band

### Tickets For Nov. 27 Dance On Sale Monday

Ken Reeves' Orchestra will play at the annual Well-Tech Acquaintance Dance, it was announced Wednesday by Radley H. Daly, 2-46, Dance Chairman. The dance, sponsored jointly by the Freshman Cabinets of the Technology and Wellesley Christian Associations, will be held at the Wellesley Alumnae Hall on Saturday evening, November 27, from 8:15 P.M. to 11:30 P.M. The Grand March has been set for 8:30 P.M.

Tickets will be priced at \$.99, including tax. Signup lists will be posted in the T.C.A. office in the basement of Walker on Monday. Since the number of tickets which will be sold is limited to 175, those wishing to attend the dance are advised by the dance committee to sign up as soon as possible.

This will be the fourth successive year the Well-Tech dance has been held. The dance, very informal in nature, features both barn dance music and current popular ballads. A barn dance caller will be furnished by Ken Reeves.

Special arrangements have been made for extra buses for the return trip from Wellesley. No arrangements have been made for the trip out to Wellesley, which may be made without much difficulty either by train, trolley and bus, or by private car.

The members of the dance committee, all members of the T.C.A. Freshman Cabinet, are: A. Bromley Muller, in charge of publicity; Fred C. Bailey, tickets; James B. Palmer, Jr., transportation; and Robert W. Neal, orchestra.

## Father Hubbard Will Give Talk Monday; Catholic Club Dance Is Big Success

Father Hubbard, S.J., the famed Alaskan explorer, will be the guest of the M.I.T. Catholic Club next Monday afternoon from 5:00 to 6:00 P.M. He will give an informal talk on the current situation in Alaska and the Aleutian Islands. This well-known lecturer, currently on a speaking tour in Greater Boston, can be heard in Room 6-120 without charge, and the lecture is open to anybody in the Institute.

Professor Copithorne and Mitsch, Deans of Students H. E. Lobdell and T. P. Pitre, and Lt. Craig, at the Graduate House, have been extended special invitations.

## Address of Phi Kappa House Is Corrected

The address of the new Phi Kappa house is 229 Commonwealth Ave. and not 220 Commonwealth Ave. as was erroneously announced in The Tech last week.

## Pastor Is Versatile Leader; Plays Sax, Sings, And Composes

Tony Pastor, whose band is considered one of the best in the country, and who is to play at the Junior Prom on Friday night, November 19, not only is an outstanding vocalist and saxophonist, but is also rated among the best in the song writing field along Tin Pan Alley. Having alone written such outstanding instrumental numbers as "Wigwam Stomp," "Helen of Troy," "Blossoms" and "Jungle Stomp," Tony has collaborated with his drummer, Johnny Morris, in the writing of "Paradiddle Joe," which is a top selling Bluebird record. "Blossoms" is used as one of his theme songs, and was inspired by Pastor's love of flowers.

The Pastor band was organized shortly before the break up of Artie Shaw's band, in which Tony was the saxophonist. Shortly after its organization, the Pastor band was selected to follow Charlie Barnet into the Lincoln Hotel in New York City. After this important step, Tony Pastor and his band sprung

into prominence. With five and six NBC broadcasts weekly and his fine Bluebird recordings, Tony Pastor and his band became one of the top ranking musical organizations late 1940 and during 1941. Now he is acclaimed as the man who "Pastorized" swing and "The Band of 1942."

#### Features Johnny Morris

One of the reasons that Tony Pastor has become "The Band of 1942" is because of the abundance of talent and versatility among the members of the band. Johnny Morris, better known as "Paradiddle Joe," the band's drummer, is considered one of the best in his field. Charlie Trotta, Pastor's life-long friend, is one of his ace trumpet men. Stubby Pastor, the latest addition to the band, is Tony's 19-year-old kid brother, a coming star on the trumpet. He is the featured trumpet soloist and also sings in the same style as Tony.

Tony himself was a carpenter, florist, weaver, and tobacco grower before he became a musician. He took up the sax because of his admiration of Jimmy Dorsey, and after one year of study, he joined Irving Aaronson's Commanders and became a successful vocalist as well as saxophonist. After terms with the bands of Smith Bellew, Joe Venuti, and Vincent Lopez, Tony joined Artie Shaw's original band. After serving several years with Shaw, Pastor organized his own band in 1939.

## 206 Men Take Army-Navy Test

Last Tuesday morning at 9:00, 206 men, mostly from the Institute, took the qualifying tests for Naval V-12 program and its Army counterpart, the A-12. This test was held under the supervision of Professor Paul M. Chalmers of the English Department.

If a candidate gets a sufficiently high score on this test he is eligible for an appointment to the Navy V-12, provided he passes the physical and an interview, or as a possible candidate, through the A-12, for the Army Specialized Training Program (A.S.T.P.).

#### May Be Officer

The V-12 is primarily an officer training program, with varying lengths of academic terms, and assignment directly to college. The A. S. T. P. is set up to provide trained men who have been developed along specific lines needed by the army. Some of these men may be chosen to go on to Officer's Candidate School. The usual basic training is required before assignment to the academic program.

All men who applied for the Naval V-12 program are advised to get a copy of their birth certificate so that they may present it in case they are called for an interview. It is essential that these candidates have this copy available.

## Blitzed Books Are Now On Display

Books with scars from the blitz on London form part of the exhibit which will remain in the Lobby of Building 10 until Monday, November 15. The rest of the display is posters and illustrations sponsored by the British Information Service and the National Industrial Information Committee.

In the exhibit are shell fragments, and photographs showing damage done to London libraries. One of the best posters contains portraits of Winston Churchill, Franklin D. Roosevelt, Joseph Stalin, and Generalissimo Chang-kai-shek.

Starting November 15, an exhibit on early printing borrowed from the American Institute of Graphic Arts will be put up. This will be supplemented by rare books from the Institute Libraries and from the library of Professor E. F. Langley of the Modern Languages department.

## Van Stolk Is New TCA Cabinet Head

Adriaan P. van Stolk and Radley H. Daly, both 2-46, were elected respectively President and Vice-President of the T. C. A. freshman cabinet at the meeting of the cabinet held Wednesday afternoon, at 4:10 P.M. in the Faculty Lounge.

The election was held because Richard C. Simon, 2-46, cabinet President last term, had left for the armed forces. Van Stolk was Vice-President and acting chairman prior to the meeting.

## Junior Prom Sponsored Punch Parties To Be Held At Several Fraternities

### Phi Kappa, Phi Gam, Chi Phi, ATO Houses Scenes Of Fun Making

Alpha Tau Omega and Phi Gamma Delta will hold afternoon punch parties from 4:00 P.M. to 6:30 P.M. on Saturday, the day following the formal Junior Prom, which will be held in the Imperial Ballroom of the Hotel Statler on the night of November 19. Phi Kappa and Chi Phi are to hold informal evening parties on Saturday night from 9:00 P.M. to 1:00 A.M.

The Phi Gamma Deltas on 28 The Fenway will have Chappie Arnold to furnish the music and are featuring their special "mystery punch." The ATO's, 37 Bay State Road, are having Bert Edwards and his orchestra and are serving a South American recipe, "Copetin Ded Oro." A house warming party will be given by the Phi Kappas to inaugurate their new house at 229 Commonwealth Ave. This affair is to feature their new "Jailbait Punch" and Chappie Arnold's orchestra. Bert Edwards will play at the Chi Phi party on 22 The Fenway. Their punch will be revealed next week.

#### Options May Be Redeemed

The J.P. Committee announced that ticket options will be redeemed from 11:00 A.M. to 1:00 P.M. and from 4:30 P.M. to 5:30 P.M., today in the Lobby of Building 10. At 11:00 A.M. on Saturday, November 13, the ticket numbers correspond-

(Continued on Page 2)

## Menorah Elects Mintzer, Sparrow Society To Hold Dance With Simmons Tomorrow

David Mintzer, 6-45, and Marvin Sparrow, 2-46, were elected respectively to the office of Treasurer and Secretary of the Menorah Society, at a meeting of the society held last Friday afternoon at 5 P.M. in the Litchfield Lounge. They will hold their offices until the end of the current semester, filling vacancies in the society's executive committee. Claude Corty, 10-44, will remain in office as President for the rest of the term.

The remainder of the meeting was spent in considering plans for social events and discussions which will be held later in the term.

The first social event of the season will be a dance with girls from the Menorah Society of Simmons College. It will take place tomorrow evening at 8:00 P.M. in the 5:15 Clubroom in Walker Memorial. The dance will be followed by a picnic Sunday in the Blue Hills with Simmons girls.

## American-Soviet Council Holds Mass Meeting

The Massachusetts Council for American-Soviet Friendship is holding a mass meeting at Symphony Hall next Sunday. The meeting will start at 8:00 P.M.

Paul Robeson, noted negro opera star and singer, Senator Murray, and Rockwell Kent will be on the program. Robeson will sing several songs and Murray and Kent are to deliver speeches.

Professor Dirk J. Struik, of the Mathematics Department, is Secretary-Treasurer of the Council.

## SUBSTITUTE FOR DORMITORIES?

When the Technology Dormitories were placed at the disposal of the Army students, the unity of one of the three large student groups of M.I.T. was destroyed. The remaining groups composed of students who live in fraternity houses and of those who commute to school are in much the same position as previously.

The students who stayed in the Dormitories, however, found it necessary to locate new quarters as quickly as possible; the rapidity with which this had to be accomplished meant that the resident group was split into small sections of two, three, or four each which had to obtain lodging in any available place, in many cases at considerable distance from the Institute.

The dispersal of these men into small groups may have thus imposed some inconvenience of transportation. This is not easily remedied since no quarters are available which even begin to approximate the advantages of conveniences which were offered by the Dormitories.

There is another important disadvantage which can be remedied. This is the lack of companionship among isolated students.

One solution to this problem might be for the Institute to lease houses within reasonable distance of the school, and arrange to lodge students who are unsatisfied with their present quarters therein.

The Room Registry Service of the T.C.A. might develop another solution to the problem by arranging for students of similar interests and classes to occupy the same rooms. If such rooms are unavailable on Beacon or Commonwealth, it may be that many students would be willing to exchange a hermitage for a more convivial home, even if in so doing they found it necessary to sacrifice proximity to the Institute.

Surely some action can be taken which will enable the men of Technology to withdraw from their solitude and enjoy the privileges and benefits of a more communal life!

## THE NAVY IN ACTIVITIES

There are a considerable number of Navy men in the extra-curricula activities at M.I.T. Many of these are, however, students who had attended Technology previous to their incorporation into the V-12 unit.

It is regrettable that more members of the Naval unit who entered M.I.T. as transfer students or as freshmen have not availed themselves of the open welcome extended to them by the activities. Possibly there will be a greater number of such students who will enter activities this term, the orienting period of the first term being now concluded. We hope so.

To the freshmen who entered M.I.T. as members of V-12 this term we should like to extend once more a cordial invitation to come over and play in our backyard. Other activities will be equally glad to have new men, as well as those who have braved the terrors of Tech for one term, hang up their caps and pea jackets on their office hooks.

Drop around to The Tech some Thursday afternoon. It's in the Walker Memorial Building.

## SCHELL TROPHY

We should like to extend belated congratulation to the members of the Technology Sailing Team, who on Saturday and Sunday, October 30 and 31, won the Schell Trophy for M.I.T.

Winning over nine of the leading Eastern schools, the Sailing Team adds one more victory to the great number which have been chalked up by the dinghy teams of M.I.T., both in the past and present. Their capture of the Henry Morss Memorial Cup and the Intercollegiate Association Cup, in addition to the Schell Trophy, seems to indicate that the Nautical Association will be a strong contender against the Crews and Track Teams in their bid for top competition honors.

We wish them further success in their future competitions.

## For Boys To Play

... Fenway Park will be the destination of a great many Tech laddies tomorrow afternoon when Dartmouth meets Cornell. Tickets may be obtained at the T.C.A. office, if you are lucky enough to get there before they are all gone.

... "Careless lips sink ships, but careful girls are rare as pearls," is the theme of the Lambda Chi "Sink-a-Ship" party tomorrow evening. The fray will get under way in the Lambda Chi Alpha wolves den at 441 Beacon Street at 9:00 P. M. with Ken Reeves and his hungry pack of seven keeping the affair howling until 1:00 A. M. The rum punch which proved itself so popular at the house last year will be served again, but softer beverages

will be on hand for those in training, on the wagon, or in any other condition which warrants such liquids.

... the rumor that champagne will be given away as door prizes at the formal at the Statler next Friday night has been confirmed by the Junior Prom high command. For the benefit of those who are perturbed about table service, bar space, etc. on the night of the big formal, the Committee says that there will be table service as well as a special forty foot bar on the right side of the foyer of the ballroom.

... the bands for the punch parties on Saturday night following the prom will be Chappie Arnold and Bert Edwards, each one supplying both an evening and an afternoon band. Arnold will play at Phi Gamma Delta from four to six-thirty and at the Phi Kappa "Yippa Yappa Open House" in the evening. "Jailbait" punch being mixed by the Phi Kaps is said to be something that all samplers, and the more determined imbibers, will welcome as the most delicious of the term. The new house at 229 Commonwealth Avenue is one of the largest of the fraternity houses on the campus and has lots of room for prom revellers. The Phi Gams are mixing a "mystery punch" for the afternoon Fenway warmup. It will even surpass the brandy and milk recipe of I.F.C. weekend.

... Alpha Tau Omega is blossoming out with a South American "Lallapalooza" as their beverage for the other afternoon party on the Saturday of Junior prom. The "Copetin del Oro" concoction is being mixed by one of the brothers from South America. Bert Edwards' outfit will be the music makers at 37 Bay State Road for the 4-6:30 P. M. punch consuming contest.

... Chi Phi will hold the other evening party with Edwards on the platform. Type of punch that will be served by the course XXV men at 22 Fenway has not yet been revealed but we have been told that it will definitely not be the traditional sea breezes. More on the nature of the unrevealed punch will be told next week.

## Rocketeers Make Plans For Term

The Rocket Society held its first meeting of the fall semester on Monday afternoon, November 1, at 4:30 P. M. in the Faculty Lounge. Over twenty-five members and guests of the society were present.

Robert B. Smith, 2-44, secretary, read the officers' report for the summer semester, in which he reviewed the work accomplished during the fuel tests and discussions held every week. John Cook, president, then introduced rocketry to the many visitors present and told of the large number of discussions and tests to be held this term. The regular meeting time of the society was changed from Monday to Tuesday, because it was felt that that date would be more convenient to the majority of the members.

## Fraternity Findings

### The Dean Wins Again

Theta Chi's Chuck Butler, Course XXV man extraordinary, has finally succumbed to the always present threat of room 3-108, the office of the Dean. He is treading the path of all those unfortunates who "fail to meet the minimum scholastic requirements. Chuck has been a strong stroker on the tennis team and was plugging away in his seventh term until the devil turned down his path. The brothers will gather at the house tomorrow for a gala farewell party for a man who has been seen draped across the bar at most of Tech's more liquid parties for the past seven terms.

### No Changes, War or Not

Only four houses of the campus stuck to the traditional time for hell week this year. Most houses ran their hell week's off during the first term in order to meet the many emergencies brought about by that all enveloping organization, the Selective Board. Those who remained firm on the matter had efficient, better planned items of interest for their pledges and so far have reported no encounters with the blue coated guardians of the peace or with instructors who did not fully appreciate the situation. The four houses who would not be swayed by conditions existing in the outside world are Delta Tau Delta, Chi Phi, Theta Chi and Phi Delta Theta.

## Technology Men Now In Pre-Flight

Twelve former Technology students were transferred recently to the Army Air Forces Pre-Flight School at Maxwell Field, Alabama, where they will begin the third phase of their pilot training.

The men taking the nine week course are: Carl E. Dengler, 10-44; John A. deVries, 6-45; Virgil F. Ficarra, 6-45; Richard H. Haas, '43; Thomas L. Hilton, 6-45; Mathias J. Leopold, 6-45; John D. P. Morrison, 6-45; Louis S. Medoff, 10-44; Richard L. Robinson, 2-44; Arnold H. Smith, 10-44; Walter B. Thomas, 6-45; and Edward M. Townsend, 6-45. After they finish their work at Maxwell Field the men will begin their actual flight training at one of the schools of the Army Air Forces Eastern Flying Training Command.

## Junior Prom

(Continued from Page 1)

ing to the unredeemed ticket options will go on sale at the sales desk in Building 10 for the full ticket price of \$6.60.

The door prizes to be given away during the intermission of the formal will consist of numerous bottles of champagne. There will be tables available for everyone. The Statler will set up a 40 foot bar on the right side of the foyer, and there will be waiter service for those at the tables.

# Tech Wins New England Cross-Country Crown; Tufts Ted Vogel First

## Harriers Enter IC-4A Championships Sat. At Van Courtland Park

Ted Vogel, the New England Inter-collegiate cross-country champion led the pack all the way to the tape in last Saturday's 21st annual New England Intercollegiate Cross-country race. The hitherto unbeaten Dana Robinson, now of Bates, but formerly of Colby, took second place after a hard battle over the whole distance with Captain Ken Joseph and Art Schwartz of Tech.

The latter were the vanguard of the remarkably well-balanced Cambridge aggregation which then proceeded to redeem their options on 3rd, 4th, 6th, 7th, and 8th positions.

The winning time of 22.09.0 was remarkably fast considering the sloppy condition of the course after the heavy rains. The distance of four and one fourth miles was laid over the hills and dales of Franklin Park.

A struggle for third place was staged in the last one hundred yards by Captain Joseph and little Art Schwartz, who is now taking part in his first year of running competition. The latter just nosed out Ken Joseph to place third.

At no time in the race were the Technicians worse than sixteenth place and ended up with five men among the first eight. This bunching up resulted in a score of 28 points, unusual in such a championship event. The Tech men who captured the markers are: Schwartz, 3rd; Joseph, 4th; Poormati, 6th; Bryant, 7th; and Charlie Goldie, 8th.

This coming week the team will pile into a Pullman which will take them to New York's Van Courtland Park the scene of this year's running of the IC-4A Cross-Country championships. The distance is the longest the Cardinal and Gray has yet run (5 miles) but good balance, and the experience of several hard races might carry them through.

Prominent in the list of entries, which includes many Eastern colleges, are the following: Dartmouth, Princeton, Cornell, N.Y.U., Columbia, Army, Pittsburgh, Penn State and Navy.

The summary of the New England Meet:

M.I.T.	3	4	6	7	8	=	20
Conn. State	5	9	10	16	22	=	67
Northeastern	12	13	18	20	29	=	92
Tufts	1	15	17	29	32	=	94
Bates	2	19	22	23	30	=	96

## Seventy Men Bid For Quintet Slots Taft, Patterson Return; One Team This Year

Last Monday afternoon over seventy candidates for the Varsity basketball team responded to the first call of Head Coach McCarthy who will be assisted this year by Chief Petty Officer Glancy. Civilian and sailors worked out together, as they will all year; the varsity team will consist of both.

As yet it is much too early to predict anything about this club. With only two lettermen, Captain Cal Taft and Stan Patterson, returning, the coaches have a tremendous job in sifting out the men who will make up the squad. There will be no immediate cut in the size of the squad, but in time will be reduced to about fifteen.

**Only One Team**

At the present Coach McCarthy plans on "probably only one team." The chances for a Jayvee or any lesser teams are small, although this situation may be changed. Manager Thor Stromstead promises a good workout for the varsity in a heavy schedule that will probably include several service teams from army and navy bases. Trinity, Stevens, Rensselaer, and Tufts colleges have also been contacted.

The workouts this week have not been too strenuous because of the huge number of men. The Navy men are being excused from calisthenics for their efforts. There will be little team practice until the squad is whittled to gym proportions.

## Squash Will Hold Rally On Nov. 17

This year's squash season will officially open with a rally which will be held on November 17 at 5:00 P.M., the place to be announced later. The devotees of this sport have high hopes of a good season, the team having secured the able coaching of Jack Summers and the leadership of several returning members of last season's varsity. It has also been announced that squash will be accepted as a substitute for naval P.T. for the V-12 students.

This summer the squash courts, formerly behind the Barbour Field House, were moved and rebuilt. In the process of reconstruction the courts were enlarged to regulation size and new and better lighting was installed, making them easier to play on and adding to the player's enjoyment of the game.

According to Art Schwartz, 6-45, manager, this sport offers a grand opportunity for novices to try their hand in a fast and exciting game. He expects a big turnout for the rally and urges all interested to attend.

## Kappa Sigs Win Over Phi Kappa Pi Lambda Phi Loses In Football Tourney

This weekend, the first games of the Beaver elimination football tournament were played off. These games are to eliminate all but three teams, who will participate in a Round Robin Tournament after Thanksgiving to determine the Technology football champion.

This Sunday Pi Lambda Phi met the Student house in a bitterly contested battle that lasted for four overtime periods until the Student House finally managed to score on a long pass to the end zone. Before that, the game had been an even affair. Pi Lambda Phi twice drove to within ten yards of the opponents goal line but the Student House intercepted a pass and the other time took over on downs. This game was one of the few that was played with first downs, the other games using the "four downs to a touchdown" system.

**Sigma Chi Triumphs**

In another hardfought game, Sigma Chi took over Sigma Alpha Epsilon by the score of 14 to 6. Sigma Chi scored a touchdown on the first play, when with the help of good interference, they managed to run the kickoff back over S. A. E.'s goal line. Sigma Alpha Epsilon knotted the count when they scored a T. D. on a long pass to the end zone. After that both teams settled down and played a tight game until it looked as if the game would end up in a tie. A partially blocked Sigma Chi pass, however, fell into the hands of a Sigma Chi man, who never stopped until he was over the goal line. At the very end of the game an S. A. E. man was tagged behind the goal line for a safety and final score was Sigma Chi 14, S.A.E. 6.

In a third game, Kappa Sigma defeated Phi Kappa by the score of 6 to 0. Since both teams had not had much practice, they did not have much variety in plays but Kappa Sig showed its superiority throughout. They scored their only touchdown after having marched the kickoff all the way to the opponents goal line and James Hield finally connecting to Al Werner in the end zone. Kappa Sigma threatened twice more but Phi Kappa intercepted each time. Final score: Kappa Sigma 6, Phi Kappa 0.

## College War Fund

(Continued from Page 1)

every dollar donated goes directly to the participating agencies.

The Greater Boston Community Fund keeps the home front strong. The National War Fund has 17 accredited agencies helping soldiers. Among these agencies are the USO, which has nearly 2,000 centers within the United States and an additional 145 units overseas; the War Prisoners Aid, which provides recreational and educational facilities for those less fortunate doughboys surrounded by the gloom and high wire fences of enemy prison camps; the United Seamen's Service, which aids the Merchant Marine; and the Refugee Relief Trustees and the U. S. Committee for the care of European Children, who provide food, clothing, and medical supplies to the peoples of the twelve war-torn nations.

## Cornell-Dartmouth Ticket Deadline is 2:00 P.M.

The deadline for the purchase of tickets for the Cornell-Dartmouth football game, to be played tomorrow afternoon at Fenway Park, has been set as 2:00 P.M. today. At that time, all unsold tickets must be returned. The ticket sale is being conducted by the T.C.A. Ticket Service, which receives no commission for the service.

The T.C.A. has on hand tickets at \$1.10, \$2.20, and \$3.30. The \$1.10 tickets are for bleacher seats on the Cornell side of the field; the \$2.20 tickets are for grandstand seats on the Dartmouth side; the \$3.30 tickets are for grandstand seats near midfield on the Cornell and Dartmouth sides.

## Large Turnout For Swimming Junior Varsity Team To Replace Freshmen

Coach Gordon Smith announced that sixty men, including 39 V-12 students, have reported for the swimming team in perhaps the largest turnout in Tech's swimming history. There will be no freshmen team this year but freshmen will be eligible for the varsity and proposed junior varsity teams. Jack Hunn, 2-44, captain of the team, has already scheduled a meet with R.P.I. for December 11 at Alumni Pool.

Besides Jack Hunn returning from last year's team are Eisenhardt, diver; Knodel, breaststroker; Findlay, backstroker; Mumford, backstroker; Ilfeld, freestyler; and Fabens, freestyler. There is a great need for more freestylers, particularly in the dashes. Coach Smith particularly stressed the importance of the junior varsity team to Sophomores and Juniors who have given up swimming because they feel that they are not Varsity material. The purpose of that team is to enable those fellows to gain competition experience and possibly improve their style enough to gain a position on the Varsity.

**Jayvees To Have Schedule**

The junior varsity team will have a schedule similar to the former freshmen schedule including such teams as: Moses Brown, Andover, Exeter, Brown Junior Varsity, Boston Y.M.C.A., St. Georges, and Brookline high. The Varsity has also contacted several other colleges besides R.P.I., W.P.I., Trinity, Bowdoin, and Brown.

**Deke House Turns Out**

Among the sixty odd swimmers who turned out for practice last week were the members of the Delta Kappa Epsilon Beaver Key championship team which ran away with the meet last winter.

## Coed Hiking Trip To Be Held By MIT Outing Club

**Square Dance Coming Next Week; Ski Team Being Formed by O.C.**

The first coed hiking trip will be held by the Outing Club with Simmons next Sunday, November 14. The participants will meet Jack Rowe, 6-45, the leader, at the Park Street Under subway station. The cost of transportation, which includes bus and subway, will be \$40. Lunches should be brought, and suitable clothes should be worn.

The next square dance at Harvard Memorial Hall will be held Saturday, November 20. Tickets may be obtained at the Outing Club office on Monday, Wednesday, or Friday, or in the Building 10 Lobby at noon. The cost to be \$40. No tickets will be sold at the door.

The dance will start at 8:30 P.M. with Al Smith doing the calling again. There will also be instruction for beginners at 7:30 P.M.

A ski team sponsored by the Outing Club is being organized by Jacques Abreu, 10-44. Those who are interested may contact him at 519 Beacon Street, Boston or call COM. 8697. A meeting will be held in the near future.

## T.E.N. Banquet

(Continued from Page 1)

tells graphically the story of plasma from the moment the donor arrives at the Red Cross Blood Donor Center until the plasma helps save lives on the battlefield. In place of the usual frontispiece there is a letter from President Compton on the subject of blood donations.

## "Turbosupercharged"

Another story, "Turbosupercharged," by Arthur Linz, Jr., features well over three pages of lately released War Department pictures of turbosuperchargers. Other articles include "The Well-Bred Short Circuit," by Richard B. Marsten, 6-45, and "Electronics" by John S. Howkins, Jr., 6-45. Another innovation is the center-spread, a picture covering two pages. The "Alumnus of the month" for November is Gerald Swope, '95, President of the General Electric Company and life member of the M.I.T. corporation.

The editorial, entitled "We disapprove . . ." is about the Klogg Science Mobilization Bill which in the words of the editorial is "One of the most unfair blows that science has received in the present war. This is a bill which would, says the editorial, affect virtually every part of science and engineering and for this reason "All those who have any interest in science should become acquainted with the proposal, for, if passed, its effects would be pronounced and far-reaching."

## CONDITION AND ADVANCED STANDING EXAMINATION SCHEDULE

STUDENTS MUST APPLY BY TOMORROW TO BE ALLOWED  
TO TAKE EXAMINATIONS

The fee for each condition examination is \$5 (for civilian students only) at the examination room before taking each examination.

Condition examinations for all students will be held on the dates shown on this schedule. Students who have been allowed by the Faculty postponed Summer term final examinations, are to take them at this time.

STUDENTS WHO DO NOT TAKE THE EXAMINATIONS AT THIS TIME FORFEIT THEIR RIGHT TO SUCH EXAMINATIONS, AND QUESTION PAPERS WILL NOT BE PROVIDED FOR STUDENTS WHO DO NOT RETURN THE APPLICATION CARDS.

### ADVANCED STANDING EXAMINATIONS

Registered undergraduate students of all classes, with a cumulative rating of 3.50 and above, may take examinations for Advanced Standing during the condition examination periods in each term, provided they have never been registered for the subjects or have never attended classes in the particular subjects. Notice of intention must be filed with the Registrar on the usual petition forms and must be submitted at least two weeks before the day of the first scheduled examination of the examination period. Endorsement by members of the Faculty is not necessary. The privilege of an examination in a subject which involves laboratory instruction, or drawing, must be approved by the Faculty member in charge of the subject. No charge will be made for examinations taken under this regulation.

#### SATURDAY, NOVEMBER 27, 2 P.M. ROOM 3-440

Subject No.	Subject Name	Instructor

M22	Diff. Equations	Zeldin
M36	Adv. Calculus	Douglass

Note: Three hours are allowed for each examination, except as noted.

Reports will be mailed on the second Monday after the examination takes place.

## Institute Receives Eastman Portrait

Has Been On Exhibit  
In Eastman Library

An excellent portrait of George Eastman painted several years ago by Seymour M. Stone of New York has been presented to Technology by Mr. Stone. The portrait of the Institute's great benefactor had previously been loaned by the artist and has been on exhibition in the library of the Eastman research laboratories.

George Eastman's portrait can also be seen on the plaque in Building 6, dedicated to the man who, under the name of Mr. Smith gave to the Institute some twenty million dollars.

### Self-Made Man

Mr. Eastman's life was a struggle against unfortunate circumstances. His father died when he was only eight, and he was left with very little money. He had to leave public school at the age of fourteen to take a three-dollar-a-week job in an insurance company. While there he became interested in photography.

His continued rise to success began with his first patent in that field. When his company assumed large proportions, Mr. Eastman turned his interest towards making the factory a pleasant place to work and did much for the laborers with whom he came in contact. Mr. Eastman is also very justly famous for his benefactions. Aside from his large donations to Technology, he also gave very freely to establish dental clinics, to aid two negro institutions of learning, and to enable the city of Rochester to make many civic improvements.

## Former Institute Student Wins Naval Aviator Wings

Wellington D. MacMillan, a former Technology student, has recently been awarded his Navy "Wings of Gold" and his commission as ensign in the Naval Reserve. Prior to his graduation MacMillan was taking the flight training course at the Naval Air Training Center at Pensacola, Florida.

Ensign MacMillan was a member of the Class of 1943 for three years before entering the air corps. Now a full fledged Naval Aviator he will go on duty at one of the Navy's air operational training centers before being assigned to combat duty.

## Potter, Tech Alumnus, Starts Flight Training

Aviation Cadet Arnold Potter, an alumnus of Technology, recently reported to the Army Air Field at Greenwood, Mississippi, for his basic flight training. He was accepted for aviation cadet training on April 2, 1943.

At the Army Air Field, Potter will become a combat pilot and will be taught, in addition to other training, the new night flying techniques which have been developed from actual battle experience. Upon graduation from this phase of his training, he will proceed to an advanced flight school for the final steps before being awarded his "silver wings" and commission in the Army Air Corps.

## A. S. T. P. Issued Service Insignia

A C P

More than 100,000 soldiers participating in the Army's Specialized Training program at 209 colleges and universities in the United States will wear identifying shoulder-patch insignia, the War department has announced.

The insignia will depict the sword of valor against a lamp of knowledge. The sword and lamp are in dark blue on a yellow, octagon-shape patch.

Artists of the Quartermaster Corps and Special Service Division, Army Service Forces, collaborated in designing a series of insignia which would serve as the official emblem of the A.S.T.P. To learn the preference of soldiers in the program, a large number of soldier-trainees were invited to view several samples of proposed insignia. The pattern selected ran far ahead in popularity.

The insignia are being distributed to the units this month.

### Binnacle Polisher!!!!

Nomination for the year's best demonstration of the old saying that even the best of us make mistakes, goes to Jack Taft, Commodore of the M.I.T. Nautical Association. Though dogged by ill-fortune throughout the greater part of the day, Taft's crowning achievement of last Sunday afternoon was his own doing. While maneuvering before the start of a race, our versatile Commodore fulfilled all the requirements for admittance into Technology's binnacle-polishing "Tip Over Club." On a broad reach, Taft went over — to windward!!! This example from the President of the Intercollegiate Yachting Association! What next?

### Liberal Education

On returning from one of the recent work camps at Hollis, N. H. a student happily boasted to all his friends that at last he had seen a real cow! As you might guess he was from New York City, and it is further claimed that his name is Sid E. Slicker.

### Intuitively Obvious

Professor Francis W. Sears, of the invariably successful demonstrations, has finally been toppled from his place of glory.

"When I close this switch the current in loop 'A' will induce a current in loop 'B', causing a small galvanometer deflection," he said during the course of a Wednesday 8:03 lecture. Expectant and bewildered sophomores watched the scale and pointer projected on the wall. Professor Sears closed the switch, the pointer did not move. He opened it, closed it, and opened it again. Still nothing happened.

The good professor fussed for several minutes with the numerous wires on the lecture table, and at length decided that there was no current in the wire and that none could be obtained. "But it's obvious what should happen," he added amid the roars of the class.

## Reviews and Previews

**KEITH MEMORIAL** — The Iron Major with Pat O'Brien and Ruth Warwick and a second feature **Never a Dull Moment** starring Frances Langford and the Ritz brothers. The Iron Major is the story of "Cav," Boston's own Major Cavanaugh the All-American End and World War hero, who set out to practice what he preached and enlisted in the Army during the World War to fight with all he had as he had always told his players. **PARAMOUNT AND FENWAY** — Bob Hope is featured in Paramount's latest comedy **Let's Face It**. This film has all the Cole Porter songs of the stage hit with some new ones added. Also shown is **Passport to Suez** with Ann Savage and Eric Blore. A story of international intrigue and espionage. **OLYMPIA AND SCOLLAY** — The City That Stopped Hitler—Heroic Stalingrad and Here Comes Elmer a gay musical comedy with Al Pearce, popular radio comedian. The former is the much discussed and most sensational film to come out of this war. It had its New England premiere last night. **RKO BOSTON** — On the stage is Lou Walter's famous all-new Latin Quarter Review from New York. On the screen, **Fired Wife** with Robert Paige and Louise Albritton, a riotous romantic film showing the hilarious results of a secret marriage with extraordinary results. The show is worth seeing too. P. H. J. S.

## Dramashop Plans New Production

Will Present "The Man  
Who Came to Dinner"

Tryouts for the new Dramashop production, "The Man Who Came to Dinner," by Moss Hart and George S. Kaufman, will be held today from 4:00 to 6:00 P.M. in Room 2-190. This was announced by Professor Dean M. Fuller of the English department at a meeting held last Monday. Professor Fuller will direct the production.

Plans for the new production, the second one this year, call for its presentation on the stage of the Peabody Playhouse in Boston, the dates being tentatively set for January 14 and 15. The play was decided on by the recently-formed Dramashop play-reading committee, headed by Mary E. Guinan, 2-44, and composed of Joan T. Rothwell, G. and John T. Fitch, 2-46.

In the cast of thirty people, one of the largest ever used by Dramashop, there will be parts for nine co-eds, and it is hoped by Gunther H. Baldauf, 2-44, General Manager of Dramashop, that there will be a large turnout for these parts, as well as the others. Also needed are men for the various crews to take care of such jobs as lighting and properties, and men for the management. Applicants for these positions should report at the same time.
